

	Application ID	Organisation name	Project title	Total cost of project	Balance	Relevance to Thatcham
1	11495	The Corn Exchange (Newbury) Trust	Ageing Creatively Projects	£14,529.42	£11,579.42	The Ageing Creatively programme will encompass two different projects which will involve residents in Thatcham: Our Song will consist of 1.5 hour workshops each week, lasting 8 weeks, with 15 participants in each group. Groups will work towards having their own improvised songs recorded. Professional music leaders will guide the groups, at their own pace, through a programme of workshops, which will include an introduction to percussion, rhythm work, pitch and tone, group singing, music making and recording. Two of these groups will take place in Thatcham – one at Thatcham Court and one at Walnut Close care homes. Each project will involve 15 participants each week. There will be a minimum of 30 residents taking part across both care homes, but as the project will not necessarily involve the same residents each week, there is the potential for over 45 residents to be involved in total. Chair Dance will be run at Thatcham Court and Walnut Close care homes and will be offered to anyone with limited mobility. A dance practitioner will work with up to 10 people per group on a variety of dance based exercises once a week for an hour over 8 weeks to improve mobility, increase blood flow and promote general wellbeing. So, there will be a minimum of 20 residents taking part across both care homes, but as the project will not necessarily involve the same residents each week, there is the potential for over 30 residents to be involved in total.
2	11861	Berkshire, Buckinghamshire and Oxfordshire Wildlife Trust	Nature Discovery Centre Waterfront Project	£31,109.80	£14,641.80	Estimated 83,000 visitors to Centre each year. 120,000 visitors to the Reserve each year.
3	11922	Time to Talk West Berkshire	Thatcham Outreach Project	£24,017.48	£6,017.48	On current figures, 30 / 43 young people seen to date at our Thatcham Outreach have been residents of Thatcham (i.e. 70%). Based on these figures, we expect to see 60 young people for counselling sessions each year, and would expect approx. 42 of these to be residents of Thatcham.
4	11948	Parenting Special Children	Helping looked after and adopted children get access to therapy, counselling and support at school.	£5,215.20	£2,715.20	Five families from Thatcham area would benefit from the project on the Good Exchange, the reason that the number is lower than one might expect is that it is quite intensive support and therefore takes more time.
5	11978	Thatcham Methodist Church	Community Facilities - Update Entrance Security, Refurbish Toilets and Hallway	£23,783.64	£14,908.64	The number of people from Thatcham using the church premises on a regular basis is approximately 200. This is broken down as follows: 1. Pied Piper pre-school - 48 children four days per week - plus their parents / guardians (48) who escort their children to and from the school / wait for classes to finish, plus 8 staff who run the classes. 2. Carers and children who attend our 'Toddler Group Drop-in' - approximately 30 people, one day per week (including during school holidays) plus two assistants that run the event. 3. 60 Methodist church members with a congregation that has approximately 40 people attending on Sundays on a regular basis. In addition to weekly services there are weekly bible reading classes, 'Messy-church' services and other add-hoc meetings / events for church members. 4. Approximately 25 people regularly attend church services one day per week run by 'Presbiteriana Renovada' - these are people are from Brazil who are living and working in Thatcham and who have been using our premises for many years now. 5. Approximately 10 people who use our bookable meeting rooms for various meetings, evening classes, etc.
6	12038	Berkshire MS Therapy Centre	Physiotherapy class sessions for people with Multiple Sclerosis in West Berkshire 2018	£15,175.48	£7,435.48	We have 35 members in Thatcham and are here for anyone newly diagnosed. We support members and their families and carers. It is estimated that for every person diagnosed with MS another 10 are indirectly affected i.e. family carers employers etc.

7	12039	Berkshire MS Therapy Centre	Oxygen treatment for people with Multiple Sclerosis in West Berkshire 2018 - 2019	£6,055.19	£5,548.04	We have 35 members in Thatcham and are here for anyone newly diagnosed. We support members and their families and carers. It is estimated that for every person diagnosed with MS another 10 are indirectly affected i.e. family carers employers etc.
8	12085	Young People and Children First	Bridge to Independence (Housing Young People. Changing Lives)	£30,507.00	£8,983.50	We currently have two charity houses that can provide a home to up to 7 young people at any one time. The length of time a young person stays with us varies depending on the circumstances, though the average length of time is between 1-2 years. This enables us to provide in-depth practical and emotional support which many of them need, as they step towards independent living. So in a 12 month period we usually support (benefit) 7 young people, although this can increase.
9	12105	Thatcham Town Cricket Club	Junior Cricket Coaching Development	£8,708.96	£4,846.46	The numbers benefitting: Direct - 130 Indirect - 250 Those benefitting directly will comprise those, juniors and seniors who play, practice and watch cricket. Those indirectly benefitting will comprise parents, spouses, siblings and friends who use the clubhouse on match days and social events. This figure is impossible to put precisely but the figure of 250 may well be on the low side.
10	12108	Kennet Community Radio	Outside Events Equipment	£5,027.03	£3,527.03	Data not received at the time of publication
11	12117	Home-Start West Berkshire	Transport for Isolated Families to Home-Start Family Groups 2018/19	£5,820.28	£4,789.58	It is always tricky to tell with our transport as we don't know what families we may support but if we use last year's group as a baseline then our transport project supported 10 families with 14 children from the Thatcham area and these families cost £1119.60 over the 12 months.
12	12127	Daisy's Dream	Daisy's Dream (West Berks) - supporting children affected by a life threatening illness or bereavement	£35,652.44	£19,052.44	Data not received at the time of publication
13	12128	Recovery In Mind	Core courses 2018	£47,620.00	£26,567.62	We have had 21 adult residents from Thatcham in the past 24 months who have attended our 6 week course 'Welcome to Recovery'. We would expect this to increase next year as we plan to double our capacity for this course. We know that 1 in 4 adults in West Berkshire will experience mental health challenges and our organisation allows people to access our courses without a referral and are open to any adult who recognises that they need support to improve their mental health. 12 of those residents (we refer to them as students) have attended 3 or more courses with us. Some of these courses are multiple weeks and others are one day workshops.
14	12149	Crookham Common Athletic Track	Hammer Cage	£24,259.52	£24,159.52	I can confirm that 175 of our members live in Thatcham. These would range from 8 years of age upwards and in some cases more than one member from the same family.
15	12178	Volunteer Centre West Berkshire	Volunteer Recruitment Service for West Berkshire 2018-2019	£17,103.69	£9,971.39	Of the 248 potential volunteers we interviewed for positions in West Berkshire Community and Voluntary groups 55 came from Thatcham which is roughly 21%. Of course many of the groups for whom we find volunteers operate across the district so anybody supported by a charity that found their volunteers from us would benefit from our service – we have 420 opportunities on our database.
16	12188	Parkinson's UK, Newbury	Speech Therapy Project 2018	£1,685.40	£1,685.40	Data not received at the time of publication
17	12225	Life Education Wessex & Thames Valley	'Harold and the Life Bus' in West Berkshire schools - 2018/19	£19,838.70	£16,583.70	671 children living in Thatcham would benefit from our project.

18	12238	West Berkshire Homeless (Newbury Area)	West Berkshire Homeless (Newbury Area) - Exiting Homelessness	£48,609.48	£43,304.48	I can confirm that WBH have helped three Thatcham residents over the past eighteen months and continue to support them in their various ways currently. Two of them are still housed in one of our properties. We would, of course, also assist any other Thatcham residents if they came before us and we actively continue to seek out all of those sleeping rough in the local area. You will appreciate that we are a relatively new organisation, but have had tremendous success nonetheless.
19	12246	Kennet School	Inclusive Zone Basketball	£4,631.00	£761.00	The application will enable the purchase of sports wheelchairs for use in inclusive zone basketball. They can be used by any pupil under 12 stones in weight. It will therefore benefit all pupils at Kennet school weighing less than 12 stones (maximum weight for the chairs) as it will allow them all to take part in Inclusive Zone Basketball. I don't know exactly how many pupils this would be, but estimate it to be over 1200 pupils, the vast majority will be Thatcham residents as that is where most Kennet pupils live. I would therefore say that 1000 Thatcham residents will benefit.
20	12259	Thatcham Town Football Club	Thatcham Town FC Artificial Turf Multi-User Sports Area	£199,042.54	£199,042.54	This has not been easy to determine as we needed to have age profiling of the Thatcham Town population. Without this we can only estimate this. We believe that 70% of the population could benefit as the facility is to be a multiuser area which is primarily set up for sport activity but can be set up for other activities. In summary, 70% of the population in Thatcham Town.
21	12269	Stepping Forward	Disability Awareness in Schools	£14,826.80	£13,826.80	We are looking for support for disability awareness sessions in schools, led by a team of disabled trainers. Each full day session works with four classes of 30 pupils, totalling 120 over the day. If we were awarded a grant for a full day/4 class session @ £500 this would equate to working with 120 pupils and their teachers; 2 days @£500 would equate to 240 pupils and their teachers.
22	12308	Home-Start West Berkshire	Isolated Families	£77,971.94	£14,290.68	I can confirm that in the last year, 8 Thatcham families were supported with a home-visiting volunteer benefitting 16 children.
23	12315	West Berkshire Council	Pan Berkshire Oracy Leaders Project	£48,230.00	£48,230.00	Francis Baily and Thatcham Park school are both enrolled on the project now. I wouldn't be able to say how many residents the project will impact on, but ultimately quite a few pupils.
24	12320	ABF The Soldiers' Charity (Berkshire)	ABF The Soldiers' Charity Programme FY18/19 (Events in 2018)	£21,200.00	£21,200.00	Data not received at the time of publication
25	12332	Newbury Family Counselling Service	Supporting Parents Supporting Children 2018 -19	£26,485.42	£17,285.42	We work with parents from across West Berkshire; their children are direct recipients of their parents counselling and many attend our creche facility. I can confirm that the number of Thatcham residents receiving a service from Newbury Family Counselling Service is: 2016/17: we worked with: 9 Thatcham parents (41% of parents using the service); 18 children (45%) 2017/18: we worked with 6 Thatcham parents (30% of parents using the service); 12 children (31%) 2018/19: so far this year we have/are currently working with 6 Thatcham parents (46% of parents using the service); 10 children (38%)

26	12367	Prior's Court Foundation	Job Coach	£55,408.32	£55,408.32	<p>All students who come here on a permanent basis – ie 52 weeks a year - gain residential status, despite the fact that their fees are paid by other local authorities. Therefore, the number of direct beneficiaries of the Sports and Outdoor Play Equipment are: 46 children and young adults, all with severe autism and learning difficulties, who live here permanently and therefore are Thatcham residents.</p> <p>On top of that, there are 3 whose families live locally – Newbury, Kingsclere and Inkpen. Other beneficiaries include: 47 non-Thatcham resident children and young adults with severe autism and learning difficulties, all of whom will have access to this new supply of play and sports equipment. All parents/carers and siblings of the 92 students who will benefit from having more and improved ways of playing indoors and outdoors with their child/sibling, building stronger family links, difficult when a child is placed in residential care. The 600 staff at Prior's Court, many of whom are resident in Thatcham, who will have more sports and play equipment with which to provide better support and care to the students here.</p>
27	12378	West Berkshire Therapy Centre	West Berkshire Therapy Centre Hardship Fund 2019	£29,680.00	£29,680.00	At the last count there were 26 residents from Thatcham attending Thatcham Therapy Centre.
28	12410	Prior's Court Foundation	Sports and outdoor play equipment	£43,396.01	£43,396.01	See 12367 above
