How satisfied are you with the maintenance of the allotments?	15	16	0
How helpful have you found the support of the Site Steward?	29	2	0

Comments :

Don't know what we would do without Jackie as she does an amazing job

It would be lovely if we could follow Hungerford's example and get toilets on site

Overall we are happy however the gate locks definalty need improving and also grass cutting could be more regular during the summer.

Do not think that chickens should be kept on site

Seems to be more rats

Improvement to paths between plots

Access to drinking water in summer months

The firm that cuts the grass paths doesn't always cut them

Really enjoy working on the allotments and meeting new people

Very Satisfied

Unallocated plots need to be tidied up

Jackie (Site Steward) always very helpful as are office staff at Town Council

Drainage problems with certain plots
